

AZplus Price Computing Retail Scales

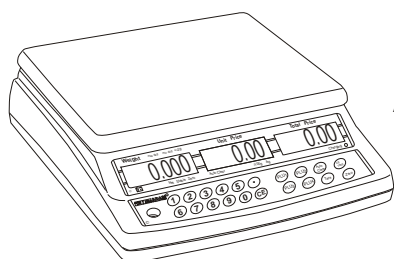

“The Affordable Choice”

AZplus Price Computing Retail Scales

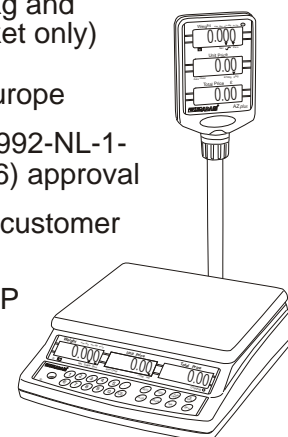

“The Affordable Choice”

The AZplus is the next generation and replaces the successful range of AM15 and AZ price computing scales previously offered by Adam Equipment. The new product provides a more modern low profile design using the latest electronic technology enabling enhanced features to be offered.

- Modern low profile design and robust construction
- High stability due to non-slip feet and anti-tilt bumpers
- Mains power or easily changeable internal rechargeable battery with approximately 70 hours of operation and selectable auto-off time
- Stainless steel weighing pan
- Rigid LCD displays for both operator and customer
- Colour coded, sealed keypad
- Level indicator with adjustable levelling feet
- User selectable backlit operator display
- APC (Advanced Price Calculation)
- Available in Pounds, Euros, Dollars and Rand (other currencies available on request)
- Overload and underload protection
- Full range tare
- Protected power supply connection and stamp seal
- Storage of up to 43 prices (PLU) for easy access of best selling items
- Displays weight, unit price and total price
- Switchable between price per kg and price per 100g (European market only)
- Designed and engineered in Europe
- EC type (T6320), OIML (R76/1992-NL-1-03.31 rev1) and SABS (SA1346) approval
- Version available with pillar for customer display
